🚀 SKILLS

Comprehensive Knowledge of React JS framework and core principles

Command over developing React JS components, Virtual DOM and workflows

Command over html, css and JavaScript languages

User Interface design and development

Restful API development and deployment

html5/css3

JavaScript (ECMAScript 6)

Git (version control)

Web performance

Design Concepts

Responsive design

Tailwind Css

Testing/debugging

Cross Browser Testing

Typescript

Webpack

Redux

👤 PERSONAL DETAILS

Nationality : Nigerian

🔤 LANGUAGES

English (US)

⊕ OBJECTIVE

Passionate and Self Motivated React developer with 1+ years of experience and a strong focus on front-end development. Expertise in web design and development, with a particular interest in using React to create high-performance user interfaces, as well as highly potent skills and ability in encoding virus free and efficient code, plus a very strong ability to execute standard software architectural patterns. Seeks a position where he can continue developing his skills and contribute to a team of talented developers.

💼 EXPERIENCE

Frontend React JS developer   -

1+ year experience in developing UIs and apps in React JS development environment

1+ year of experience in development, testing and deployment of APIs

1+ year of experience in development and performance improvement in React JS environment

1+ year of experience in developing and deploying database management systems

React developer (frontend)   2021 - Till date
Upwork
Developed web applications using React, Tailwind, and Typescript

Implemented automated tests to ensure code quality and reliability in accordance with best practices.

Collaborated closely with other developers on projects that require multiple people to complete tasks.

Created reusable components that were easily maintainable, reducing the time spent on future development by 40%

Collaborated with designers to implement UI changes based on client feedback

Worked with some awesome tools to create an interactive and user-friendly website experience.

Frontend Developer   2021 - Till date

Guru

Developed fully functional responsive prototypes based on
Business Requirements using HTML, CSS3, PHP, React.js and
Tailwind

Tested front-end code in multiple browsers to ensure cross-browser
compatability.

Maintained brand standards under company guidelines.

Consulted and documented UI best practices and code standards.

Participated in projects in all stages of the product life cycle.

Leveraged responsive web frameworks to consistently complete
product deliverables with high design concepts ahead of schedule.

Executed and contributed to full-stack web development projects,
with an emphasis on
front end features, browser manipulation, and cross-browser
compatibility.

🎓 EDUCATION

B.S Computer Science   2020 - Till date

Federal University of Technology, Minna. Nigeria
